ICE CAP FEATURE AT OUTDOOR RECREATION MEET

At the personal invitation of Lt. Governor "Red" Boucher, those two traveling men—Bill Vincent and Herman Leirer—are today attending a meeting of the Alaska Outdoor Recreation Council being held in Anchorage. The Council is chaired by Boucher.

Boucher invited the pair to attend and "discuss the potential of the Harding Ice Cap" for future recreation development. A display of enlarged photographs of the ice cap will be on hand for the Council to view. The display is being put together by local artist Mrs. Dot Bardarson. The pictures were taken by Dr. John Noyes.

Bill and Herman were to have a "pre-meeting" meeting with Boucher yesterday to set up the presentation. They had recently returned from Juneau where they made a pitch for more funds for the Resurrection Road to Exit Glacier and the Cap. This pair have contributed many hours of time in the past several years promoting this and other local attractions.

SPECKING RETURNS FEBRUARY 29th

District 9 Representative Keith Specking has tentative plans to be back in the district from February 28 through noon of the 1st of March. He had planned
